

RICHARD BURNS
1971 - 2005
WORLD RALLY CHAMPION 2001

As a World Rally Champion, Richard used all his energy and focus to make his dreams come true. When diagnosed with brain cancer at the age of 32, he used the same mental strength to fight his illness and live life to the fullest.

The Richard Burns Foundation raises resources and awareness for projects that help active people of all ages in their fight against adversity - supporting projects aimed at care, prevention, and giving quality of life to people living with brain cancer and other conditions that can have a severe impact on their life. The Foundation aims to inspire and support people affected by similar conditions, in the memory of a good man and a brave champion.

The Foundation's Chief Executive is Richard's long term co-driver and friend Robert Reid. Its Chairman is David Lapworth who, as Motorsport Director at Prodrive, was responsible for many of the rally cars driven by Richard.

With every RB320 purchased Subaru UK are including a free RBF membership and all the proceeds go direct to the Foundation.
